

EASTER TALKIC

Easter eggs are fun and they give us the opportunity to talk about the way we hide from God and Jesus who came to seek and save the lost. But Easter egg hunts also give us the opportunity to talk about the parts of our lives we are trying to hide from God. What have you tucked away in a secret profile or under an anonymous account or a hidden agenda? Do you really think God doesn't know about that? Time to come clean and put that egg in the Easter basket. You may not want to talk about it with anyone else, but you need to bring it to the cross so you can stand with honest faith before the empty tomb.

READ: Luke 9 | Matthew 19 | Hebrews 11-12

ASK:

What does it mean for YOU to put all your eggs in the Easter basket?

What does it mean for you to go ALL IN on the resurrection of Jesus?

What do you think these passages tell us about putting all our eggs in the Easter basket?

DO:

What parts of your life have you already entrusted to the reality of God's redemptive plan and what are you still withholding or even hiding from His Lordship? Write a word to represent each of those parts of your life on one of the eggs.

Yes, Jesus died on the cross to become Savior but He arose from death to become our Lord. It's time to put ALL your eggs in His basket.
